MURRAY ESCAPES SERIOUS WIND DAMAGE

Insurance Man Drowns At Lake Saturday

RENTON June 15 (UP)—The body of George Kinchloe who drowned Saturday in Kentucky Lake during a heavy wind and electrical storm was taken from the lake early today.

Kinchloe was one of two victims of the storm in Western Kentucky which caused thousands of dollars worth of property damage.

Kinchloe was drowned two miles from Big Bear camp when a boat in which he and Cleveland Townsend, a Madisonville insurance man, were fishing capsized.

Townsend said today that he had on a life jacket and held on to Kinchloe for about an hour. However, he said the heavy wind separated them and that he never saw Kinchloe again.

Townsend was in the water an hour after he last saw his friend. He was finally blown to shore by the wind. He made his way to a farm house and was driven here to Sheriff V. A. Brien's office.

Mrs. Akita Greer, 36, was killed when struck by a falling tree limb. Mrs. Greer was on a weekend outing on the Green River with her family when the storm struck.

Many trees were blown down in the Owensboro area, and heavy property damage was listed.

Windows were broken and houses unroofed in the Paducah area, when the wind reached a velocity of 58 miles per hour.

At Fullerton, in Northern Kentucky, hail "as large as golfballs" damaged farm and garden crops.

Rebel Squad Makes It Three-As North Falls 86-77

The South over the North here Saturday in the fifth Annual North-South basketball game, 86-77. Led by a score of 36-27, the Southers put on the steam early in the game, and after the North had tied up the game at 1-1 and 3-3, they forged ahead never to be topped again during the remainder of the evening.

Mitchell made the first basket for the South and his aggressive play added greatly to the Southern cause.

Adkins led all scorers with 19 points as he directed the Southern attack. The northern squad couldn't seem to get organized until the final period. The Rebel squad pressed their attack throughout the game.

After a first quarter score of 17-12, the South came out quickly with Tyra sinking three in a row. Mitchell took up where he left off and led the scoring. He got twelve of his fifteen points in the first half.

The South continued their attack as the second half began, running

Day Camp Completed

With an enrollment of 124 the Girl Scout Day Camp broke Friday afternoon after five days of outdoor fun in the city park. Mrs. Arlo Sprunger and Mrs. Alton Rogers were the directors.

Archery was new to the girls this season and so was the basket-making projects. The girls cooked their own food and cooked the meals in the open each day.

At the Friday closing, a Scout's Own was held in which an appreciation was expressed for the day's directors. Gifts were given them by the Girl Scout Commission, and the girls in Mrs. H. B. Nelson's troop gave her a gift.

Adults assisting in the week's work were: Mesdames Rupert Parks, Ollie Adair, M. C. Ellis, Don Robinson, E. S. Ferguson, George Wilson, Bruce Edwards and H. B. Bailey, Jr.

Aides in the Day Camp were high school girls and members of the Senior Troop. They were: Misses Clara Ann Wilson, Annette Ward, Beverly White, Nancy Jettison, Sandra Lancaster, Betty Howton, Clarice Rohwedder, Diane Elkins, Gail and Ann Douglas, Barbara Mott, Jenna Sue Stubblefield, Edwin Kirk, Fidelia Austin, Donna Tuck, Melony Gray, Leah Dell Hopkins, Wyline Jones, Mary Lee Outland, Bonita Lyons, Linda Jackson, Rosemary Jones, Sue Grable, Louise Jones and Joan Webb.

One of the features of the Friday program was "The Bear Hunt." Scouts went on a hunt to find the "planted bear." The year's awards were hidden there.

300 CITY BLOCKS UNDER FLOOD IN SIOUX CITY

Rescue workers search automobiles for possible victims in flooded street.

Wind Velocity Up To Fifty MPH Is Recorded Saturday

Murray and Calloway County residents were frightened Saturday afternoon by high winds and dark clouds swooping out of the North from the direction of Paducah.

There was no serious damage reported from the 30 to 50 mile per hour wind, however the wind did do some damage.

The black cloud appeared about 2:00 p.m. Saturday and gradually turned to an almost orange color as it came nearer and passed over town. The winds came up swiftly and mounted in intensity.

A near panic resulted in some areas downtown as parents, husbands, and wives sought to reach their homes and children. Impatient motorists honked their horns to speed up the traffic so they could be on their way.

The wind came in a steady drive rather than in gusts and seemed to get stronger and stronger. Large trees bent under the pressure and hundreds of small branches snapped.

A large branch nearly a foot in diameter was torn from a tree in the yard of L. L. Dunn on West Poplar and thrown against the house. The awnings did the front of the Dairy Ann was doubled back over the top of the building. The steel tubing was bent as though it was spaghetti.

A tree was blown down on North 13th between Main and Olive street and large branches could be seen in numerous yards over the city.

Power was off in one section of the city for some time and Murray Electric Systems crews were called out at the height of the storm. Falling branches felled several wires.

No injuries were reported from the high winds, although flying debris made it very dangerous to be out in the open.

A large section of gutter 12-feet long was torn from the top of the Galtin Building on North Fourth street, and was carried half a block toward the square by the winds.

The front of the old Calloway County Lumber Company was also torn off by the wind.

Seven sailboats were reported overturned on Kentucky Lake by the sudden high winds and fifteen people were rescued from the water. The Kentucky Lake Boat Dock reported no one drowned in that area.

Murray and Calloway County apparently missed the worst part of the wind storm however. Most of the storm passed to the East near Princeton and Hopkinsville.

The winds there almost reached hurricane strength and large trees were uprooted. One woman was killed in Princeton and a child was injured.

Hiles Soute of Peoria, Ill., a player on the North squad in the North-South basketball game was one of those rescued from the lake. He played Saturday night and turned in a fine game.

No reports were made that a "funnel" shaped tornado cloud was detected in the black and orange cloud that advanced on Murray. The cloud was a dense black and lightened as it came closer to the town and turned to a light orange. It was filled with dust and debris that was unmistakable. Wildly Eille of the New Concord road was at home at the time, and said that the high winds swept huge quantities of dust and dirt into the air that it was impossible to see.

Debris covered the yards and streets of the town, and homes and businesses were filled with dust.

The fire siren at the City Hall sounded three times at the height of the storm which gave rise to the rumor that it was the alarm for a tornado.

The siren, however, was calling the rescue squad, as the report had just come in about the sailboats being swamped on the lake.

Many television aerials snapped like match sticks when the wind was at its height.

Motorists who were out on the highway reported that their automobiles were very difficult to handle and that it seemed that at any minute they would be lifted from the highway.

The wind that struck Saturday was the highest that has hit Murray in recent years. Several years ago a small tornado hit just North of the town and tore up several homes near Dexter, but no high winds have been through this immediate area in many years.

The local radio station was off the air from about 2:00 p.m. until 7:00 p.m. due to a power failure.

Professor Tillman at the college, said that the wind gauge showed that the wind was blowing steadily at 30 miles per hour, with gusts up to 50. He said that it was highest wind velocity that he has recorded.

Insurance claims consisted mostly of damage done to roofs.

Sam L. Jones Dies Saturday

Sam L. Jones, age 67, died Saturday at 8:30 a.m. from complications following an illness of three weeks.

His death came at the Fuller-Morgan Hospital in Mayfield.

He is survived by his wife, Mrs. Cordie Jones of Murray; a step-daughter, Mrs. Pearl Crooks of St. Louis; three sisters, Mrs. J. H. Flood of Clarksville, Mrs. W. D. Outland of Murray Route 8, and Mrs. Will Pace of Memphis; three brothers, John of Murray, Thomas of Dover, and Charlie of Memphis.

He was a member of the Cherry Corner Baptist Church and operated a shoe repair shop here for many years.

The funeral was held at the Max H. Churchill Funeral Home yesterday at 4:00 p.m. with Rev. Leonard Cole and Rev. Jack Jones officiating. Burial was in the Elm Grove cemetery.

Funeral services were held at the Fuller-Morgan Hospital in Mayfield, Tenn. Outland, Cohen Outland, Elbert Outland, Rix Rilton and Scott Dillon.

The Max Churchill Funeral Home was in charge of arrangements.

Regional Seal Sale Conference Held At Kenlake

The 1953 Regional Seal Sale Conference of the Kentucky Tuberculosis Association held its meeting at the Kenlake Hotel, June 12. Its session covered the entire day with a luncheon for fifty people. An educational program on tuberculosis and the essentials of Tuberculosis Christmas Seal Sale was the thought throughout the day.

Those attending from Calloway County were: Mrs. G. B. Scott, Dr. and Mrs. J. A. Outland, Mrs. O. C. Wells, Mrs. Bryan Tolley and Miss Virginia Moore.

Letter To Editor

Dear Editor:

Showers of Blessings.

This bears out a record of more than 100 years. I have watched the rain come around the tenth of June for 65 years. My father told me that an old neighbor told him 20 years before that if he had his tobacco ground ready that he could set his tobacco and that he had observed for 40 years that it always brought a season about the tenth of June.

Back there we planted corn in March and tobacco in June. There was no canvas or fertilizer then and the plants were later.

Good tobacco raisers always are ready with their ground fixed so their plants seldom run away.

I am not a weather prophet, but have watched the habits of the weatherman, and he has not failed the tobacco planters. Last year the last season was the 17th of June, a little late but in time if the farmer was ready.

My great grandfather came to Trigg County fourteen years before Kentucky was admitted to the Union. The grant was from Virginia, which came to the Tennessee river, 32 years before Trigg County was formed from Christian County.

It is interesting to remember the things told me by the old pioneers and the changes have been great, even in my time.

The farmer is subject to more disappointments in his operation, than in any other business, with few exceptions, however the averages are about the same through the years.

Stop and Think.

T. O. Turner

MISTAKES MOTHER-IN-LAW FOR A BABOON

JOHANNESBURG, South Africa June 15 (UP)—A native, accused of spearing his mother-in-law to death, pleaded today that he mistook her for a baboon. A coroner's court exonerated him.

The native said he heard a rustling in the undergrowth near his home, shouted and when he received no reply threw his spear. The mother-in-law was dead. The government pays 35 cents bounty for every baboon killed.

COFFEE DRINKING CUT

WASHINGTON June 15 (UP)—Government workers are drinking 23 per cent less coffee than they did under the Democratic administration, it was disclosed today.

Government Services Inc., which runs most of the federal cafeterias and snack bars, told the United Press it used 44,000 pounds of coffee last September and again in January but only 34,000 pounds in May.

The warm-weather trend to cold drinks and widespread firing account for some of the drop, but G-S General Manager Robert R. Ayers attributed most of it to a new Republican policy.

The G-O-R high command expects people to spend more time at their desks and less in the coffee line.

Reds Push Back ROKs As UN Planes Make Inferno Of Front

By ROBERT UDICK
United Press Staff Correspondent

SEOUL, Korea June 15 (UP)—United Nations planes turned the east central front into an inferno today in a vain attempt to stop Communist troops who pushed the South Koreans back two miles in a pre-arranged drive toward the 38th parallel.

Reports from the front indicated that some South Korean units had been cut off and were trying to fight their way back to their own lines.

The planes pounded the "Red" held area with 2,225,000 pounds of bombs and napalm. Signs planes flew as many as four missions during the day, unloading their bombs and returning to base for more.

But the 500-plane Allied air strike against enemy ground troops—the biggest since the war started—failed to halt the forward motion of the surging Chinese on their biggest offensive in two years.

Lt. Gen. Maxwell D. Taylor, 8th Army commander, flew to the front to get a first-hand report of the big Red offensive that could delay signing of an armistice or give the Communist an advantage on the battlefield when the ceasefire is called.

An estimated 20,000 to 25,000 Chinese troops took part in the big battle on the east central front after advance troops had pierced South Korean positions.

Lt. Gen. Pak Sun Yup, South Korean army chief of staff, went to the front for the first time since returning from the United States last week to talk to his commanders in the field.

The fighting exploded as staff officers at Panmunjom tramped out final details of an armistice that will freeze the battlefield. It was apparent the Chinese were making one last effort to return the battlefield to the 38th parallel where the war started three years ago.

The Communist threw a division against ROK positions south-east of Outpost Texas where they had broken through South Korean defenses during the past two days.

Two Chinese regiments cut into Allied positions in the Capitol Hill area where the Reds took the commanding height Saturday morning, and Allied Red regiment smashed and killed positions northwest of Kumhwa in central Korea.

There was serious fighting for Christmas Hill, which had been secured by the Allies Sunday. The Reds also threw troops into Sandbag Castle, Tankers' Hill, the Punchbowl and at seven outposts east of the Pukhan River.

Murray Girls Are Attending Girl's State

The Seventh Annual Girls' State sponsored by the American Legion Auxiliary started today on the University of Kentucky campus at Lexington.

Mrs. Wayne Flora, Girl's State chairman said today that several girls from Murray have been selected to attend the event and that they left last weekend.

Those from Murray High School are Joan Shell, daughter of Mr. R. A. Shell, Ann Koertner, daughter of Mr. and Mrs. A. C. Koertner and Betty Charles Bondurant, daughter of Mr. and Mrs. C. O. Bondurant.

Those from Murray Training School are Joan Spann, daughter of Mr. and Mrs. Bonnie Spann, and Randa Broach, daughter of Mr. and Mrs. Harrell Broach.

The girls are selected by the high school faculty of the school they attend and must have completed one semester of their third year. She is selected for her outstanding qualities of leadership, character, courage, honesty, scholarship and spirit of cooperation.

The girls are expected to return to their schools and stimulate interest in their schoolmates in public affairs and the American way of life.

Sponsors of the girls are the Bank of Murray, Lion's Club, Rotary Club, Young Business Men's Club, Woman's Club and the Peoples Bank.

Thomas Walton Is Graduated From Army Repair Course

Family Dinner Held
At Kentucky State
Park On Thursday

Family Johnson and son, Benjie, of Washington, Ark. Mr. and Mrs. Jinks Johnson and daughter, Myra Jo Williams, and Mr. and Mrs. Alvin Johnson and daughter, Mary, all of Texarkana, Ark., left Thursday night for their respective homes.

This was the first visit to Murray for these in Texarkana, Ark., in forty years.

The group was honored at a dinner-Thursday night at the Kentucky State Park by their relatives. Those attending were Mr. and Mrs. Sid Boggs, Mr. and Mrs. Dock Boggs, Mr. and Mrs. Tony Boggs, Mr. and Mrs. Elmo Boggs and son, Mickey, Mr. and Mrs. Hampton Boggs, Jr. and daughter, Pam and Pat, Mrs. Rubie Donelson and son, Jerry, Mrs. Paul Jackson and children, Nellie Jo and Ralph, and the honored guests.

Dinner Party Held
At National Hotel
For Miss Outland

Another delightful courtesy to Miss Letricia Outland, bride-elect of Joe Ryan Cooper, was the dinner party given by Mrs. Neil Deane of Louisville at the National Hotel Thursday evening at seven-thirty o'clock.

The table was centered with a lovely arrangement of pink peonies and white gladioli. Miss Outland wore for the occasion a tulle dress of blue organza embroidered with white. Her hostess' gift consisted of a white flower, Mrs. Demaree and her aunt, Mrs. N. P. Hutson, presented the bride-elect with a blanket as their wedding gift.

Covers were laid for the honoree, her mother, Mrs. W. C. Outland, her mother-in-law to be, Mrs. Burie Cooper, Mrs. Stine Isenhour of Conover, N. C., Mrs. Ed Dale Higgins of Union City, Tenn., Miss Jean Butterworth, Mrs. D. D. Crisp of Binghamton, N. Y., Mrs. N. P. Hutson and Mrs. Demaree.

"Youth In Church"
Subject Of Program
At WSCS Meeting

The Woman's Society of Christian Service of the Lynn Grove Methodist Church met at the church Wednesday evening with Mrs. James Sims, vice-president, in charge of the business session.

Plans were made to send a youth to camp and to furnish refreshments for the Vacation Church School during the week of June 14.

The program on "Youth In Church" was led by Mrs. Sanders Miller with Mrs. Bill Wrayner as the worship service leader. Others participating on the program were Miss Emma Douglass, Mrs. James Sims, Mrs. Ollie Cooper, and three MYF members—Miss Glenda Cooper and Misses Gayle and Ann Douglass.

Twenty-one members and five visitors were present.

Down Concord
Way

Candidates are now following on each others heels, and all of them are such likable people. We wish they all could have some office, if that's what they want.

As for me I had rather be free to do as I please. So, no one has to worry over me ever becoming a fixture, either in a class room or elsewhere, only about my own place.

We were so sorry to hear of Mrs. Lige Moody's death. We thought as we saw her lovely home just recently modernized, that often just when one gets ready to live, he leaves.

Mrs. Bruce Ferguson had planned in one year to return to the spot of her childhood and live, but she came to sleep in the home cemetery.

Mrs. Mellicie Parker Watson will not be coming back to Old Salem and visiting the Calloway County friends she never forgot, for a heart attack called her away last Saturday.

She was one of our appreciative readers and I usually wrote with her in mind, for though she was more successful, materially than many of us, wealth never changed her. She remained loyal to her Calloway County friends although she was in Carrier Mills.

We are glad that some of the sick are recuperating.

Mrs. Clay McClure seems to be holding her own since going home from the hospital.

Friends and relatives of Mr. Wells Lassiter plan to get together and sing for him at Sulphur Springs Church soon.

Summer Just
Around Corner

With summer just around the corner, much of the country baked today in a heat wave that was a hint of what's to come. Shortly after midnight today temperatures ranging from the high 60s to the high 70s were common in the Midwest, South and Southwest, with Presidio, Texas, reporting 90.

At Laredo, Texas, the prayers of city's faithful were answered 29 hours after hundreds of worshippers gathered at a downtown plaza to pray for rain to help fill the almost-dry Rio Grande.

The Weather Bureau reported an official 38 inches of rain fell

at Laredo in a six-hour period ending at midnight. It was the city's first rain since May 16.

Meanwhile, heat deaths in the last few days totalled at least 11. The latest victim was Hugo H. Stock, 67, of Davenport, Ia., who suffered a heart attack apparently caused by 90-degree heat Friday. Although hot, humid weather was in store for large portions of the country, New England, the Pacific Northwest, the northern plains and the Great Lakes area enjoyed moderate temperatures.

Cool breezes fanned Chicago early today after a midnight reading of 67.

In a bevy of beautiful colors

Style 3-15-1
Sizes 4-7 \$3.50
8-9 \$4.50

LITTLETON'S

WOULD YOU PLEASE ENDORSE

JAMES L.

JOHNSON

For
Tax Commissioner

On August 1949, I asked the people of this county to give me a chance to be your Tax Commissioner, and I shall always be grateful for the full measure of faith and confidence you invested in me.

I felt at that time the heavy responsibility that was given to me, and now I am even more humble in my quest for a second term. This humility is brought about by an even more thorough knowledge of the rampant problems that remain to be solved, in equity and fairness to you.

My formal announcement, must, of necessity, be a repetition of the 1949 campaign. I am now 28 years of age and the father of a seven year old son, Jimmy. My wife is the former Verda Mae Hettinghouse of Stewart County, Tennessee. My parents, Mr. and Mrs. W. F. Johnson have been residents of Murray and Calloway County for over forty years.

I was born in Murray and have resided in this county all my life with the exception of 14 months working for the army in 1943. I received my formal education in the Murray schools and a practical education as a newspaper man for eight years. My political and economic education was further by these many years with the people of this community.

I realize that I cannot give a complete resume of my life in this short space that I am afforded, but I invite each and everyone to ask your neighbor of my character, honesty, sincerity and capabilities.

My campaign was initiated four years ago for this second term of office. I have tried to conduct my office in such a manner that there would be no doubt as to qualification and ability; that there could be no doubt as to fairness and efficiency. No one can substantiate a charge of partiality on my part. I have tried to understand the problems of the people, both rich and poor and to establish regulations that applied equally to both.

In any office or job there is some spare time; mine is no exception. This free time has been devoted to serving the people of this county in every way that I could. I have devoted my spare time to being permanent secretary of the Calloway County Chapter of Infantile Paralysis, secretary and treasurer and active member of the Murray Rescue Squad. Driver of the Volunteer Fire Department, secretary and treasurer of the Democratic Campaign Committee; was elected permanent chairman of the Democratic Party for the term 1952-1956; a member of the Sportsman's Club, W.O.W., Farm Bureau, P.T.A., and the Kentucky Tax Commissioners Association. I have recently received a bid to become a member of the National Association of Assessors Officers. I am a member of the First Methodist Church.

As the campaign progresses, I will attempt to tell you of the many problems that have confronted this office and the manner in which they have been solved. I will attempt to outline many of the problems facing our school system and the possible solutions, as I see them.

I will attempt to see all of you, to personally solicit your vote and influence, but I will not be able to contact everyone. To you, whom I do not see and to those I will see, please consider this as a direct appeal for your support. Every word or deed in my behalf will be gratefully appreciated and I will use my extreme efforts to repay you with a clean, honest and fair administration for the next four years.

Sincerely,

James L. Johnson
